Chamber = Concert attire

**Is there any reason we aren't checking into the hotel earlier?**

There are no early check-ins with groups this large.

**Is there any reason we can't fly our kids to Florida?**

This is a Chesapeake school event so Mr. V is responsible for kids and instruments. Instruments can't go under plane, so they would have to go into purchased seats. Flying in would require us to have to rent three buses to transport us to and from events/venues.

**Where does the change of clothes for Bucces?**

Students should pack their change of clothes must into their carry-on backpacks on the bus. There will be no access to the luggage underneath until we check into the hotel.

**In case of emergency, can they leave rooms after being taped?**

If there is an emergency in the building, students should evacuate and immediately find/contact their chaperone.

**How many kids per room?**

There is at least 5 people per room.

**We will be recording the performances?**

Yes, all performances will be recorded. We will post these after the trip.

**Do kids get to pick their rooms?**

There was a room sign up that Mr. Walker shared. Any unassigned students were placed into rooms by Mr. V.

**When will students be getting their trip shirts?** Shirts will be ordered as soon as all registrations are completed. Shirts will be handed out at school before the trip.

**Will any of the rooms be on the first floor?**

For safety reasons, none of the rooms are located on the first floor.

**Will instruments be kept on the bus?**

No, all instruments will go into the hotel rooms with larger instruments going into chaperone rooms.

**Should students bring their own instruments?**

Chamber will bring their own instruments. All other students will take school instruments. Kids should bring their portable music stands - make sure that student's name is taped on them!
